

## Strong Again.

The woman who knows the full value of health is the woman who has lost it and regained it; the woman who from being weak and sickly is once again made a strong woman. Half a million weak and sickly women have been made strong and well by the aid of Dr. Pierce's Favorite Prescription. It cures the ills which weaken women. It regulates the periods, drives out the blood, cures inflammation and ulceration, and cures female weakness. It nourishes the nerves and so cures nervousness. It promotes a healthy appetite and induces refreshing sleep.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 223 East College Street, Jacksonville, Ill. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.

### Drillers Surprised.

A flow of oil was struck Monday, June 12, in an artesian well being bored on the farm of W. H. Jones, near North Middleton. The well had reached a depth of 200 feet, when the drill penetrated a sand layer and a flow of oil came in. The well is in the immediate neighborhood of the oil fields where the Plum Lick Oil Company has been operating.—Kentuckian Citizen.

### F. A. HOPKINS

## Democratic Candidate for Congress, Meets His Opponents at Frenchburg.

Hon. F. A. Hopkins, Democratic candidate for Congress, spoke at Frenchburg on Wednesday, June 18, during circuit court to a large and appreciative audience. By his manly bearing he made a deep and lasting impression upon their minds, and left many friends to wish him success.

He is a fine speaker—up-to-date on current issues and the equal of any man in the district on the stump or in the forum. Although his speech was strong and forcible in the arraignment of the Republican party and its methods in favoring trusts, monopolies, concentration of wealth, and of favoritism to the banking and moneyed powers, as well as its unjustified and inhuman assaults upon a helpless and unoffending people, whose only crime is their love of and desire for liberty, still it was so fair and free from abuse that the Republicans present could not take offense at anything he said, but were so impressed with his candor and reasoning that many of them went away weaker in their faith than they were before they heard these plain and telling truths.

Such speeches are calculated to do much good for the cause of Democracy, for they not only strengthen the convictions of our own people, but catch the ear and address the reason of many thinking republicans who desire fair play and honest government, and have been taught to believe that their party alone could promote this end, but now begin to realize that their idols can no longer be trusted, for drunk upon their success, they no longer heed the welfare of any save those they look to to keep them in power by opening their coffers and pouring into the laps of the bosses the necessary corruption funds to buy up and control the elections.

Referring to the claim of Judge White that it had always been the custom to endorse the work of a member elected to Congress by giving him a second term, he said the Judge was mistaken in this.

He said that since this district was made in 1890 Mr. Fitzpatrick was the only one who had asked for a second term, and that Mr. White was a candidate against him and did all in his power to defeat him; going so far as to combine with Judge Garner and Mr. Kinsolving, whose joint forces were led by Judge Beckner, who was a goldbug Republican, and the joint powers voted to unseat Fitzpatrick's delegates, without the shadow of right for doing so. Consistency forbids the Judge from claiming that which he denied Fitzpatrick in 1898.

He is making a house to house canvass of the district, visiting the houses of the poor as well as the well-to-do, and studying the needs of all those whom he will represent, and it is not strange to say from all over the district the word comes that he is the choice of the people, who intend to see that no combine shall control the convention and defeat him, as in this way alone do his most sanguine opponents hope to defeat him.

This being an off year and there being no other officer to elect, the burden of the campaign will have to be borne by the candidates, and for that reason the Democrats should look well to their interests and see that they place their banner in the hands of one who is able and willing, by an active, aggressive canvass to carry it to victory, and fully hold up and increase our majority and thereby make the election of our Judges and State officers easier next year. While on the other hand, a slow, dragging campaign will be followed by a diminished majority, making fresh burdens for the party in coming elections. Nominate Mr. Hopkins and it is all over but the shouting

### Statement.

President Mitchell, of the United Mine Workers of America, gave out for publication an address to the people of the country, in which he presents the miner's side of the strike in the anthracite region. He claims that there are about 147,500 men employed who average 200 working days in the year and make less than \$300 a year. He insists that the operators can pay better wages and asserts that the coal carrying roads, which control about 85 per cent of the mines, absorb the profits of the coal companies by exorbitant freight charges. He also states that more men are killed and wounded annually in the mines than in the Spanish war. He appeals for an arbitration of the differences.
